

Join Just Harvest in fighting for a better Department of Public Welfare!

**It's time to take a critical next step in getting a responsive and
customer-friendly Department of Public Welfare.**

We have been pressing state officials for much-needed improvements in DPW customer service, including the agency's phone system, staffing levels, and management of documents.

The important next step is a meeting for Just Harvest staff and clients with DPW's State Director of Operations, Tom Strickler, which is scheduled for Friday, April 4 at 11:30am in downtown Pittsburgh.

Please join us for a planning meeting, where we will discuss our experiences, needs, and the demands that we will be presenting to Mr. Strickler **to make sure we get a better DPW!**

Wednesday, March 26 at 7pm

**Just Harvest
16 Terminal Way
Pittsburgh, PA 15219**

food will be provided
